

PRESS RELEASE

More value for international clients

Cologne | Zug, February 2021

Cologne-based costdata GmbH and execuFACT GmbH, a management consultancy based in Zug, Switzerland, are starting a cooperation at the beginning of the year. The aim is to provide international clients with even more comprehensive support in the area of cost analysis.

In this cooperation, costdata GmbH will take over the area of "Cost & Value Engineering". With a background of over 20 years of experience in a wide range of industries in the area of detailed cost calculation of products and services, the costdata cost specialists support the partnership in a targeted manner with training offers as well as individually designed workshop activities. execuFACT GmbH complements the joint offering by supporting customers in restructuring processes, organisational realignments, but also in interim & operation management.

"Structural and personnel optimisation, coupled with the right knowledge, data and tools: A highly efficient and interesting combination that adds value for clients in all international markets. We help customers to be better positioned for the future in terms of organisation and costs," say the two people responsible, Frank Weinert (costdata) and Gustav Greyling (execuFACT).

costdata GmbH is a leader in classic product and service cost calculation (bottom-up) and the global market leader in the field of costing data. The software programmes and databases of costdata are used in the areas of sales, controlling, purchasing and development. However, costdata also calculates competitive product and service prices as a service provider on behalf of clients and offers an extensive training programme including basic and advanced training for cost analysts.

execuFACT GmbH is a management consultancy specialising in "Mergers & Acquisition" (Functional design of FACT - Finance, Accounting, Controlling & Tax, Project Management), "Transformation" (Operational Performance Improvement, Restructuring, Cost Programs) and "Transition" (Interim Management, Project Lead, Operation Management).
